**Subject:** Antenna Farm- Dangerous!

Dear Planning Commissioners,

I would like to register my objection to the approval of Toarmina's latest addition to his Antenna Farm.

His property is near one of the most important shaded fuel break areas in the VC Highlands. A tower as tall as he wants to install could impede emergency air vehicles in the case of a fire. Water and Fire-Retardant carrying airplanes and helicopters would be unable to see the towers with smoke and fire obscuring their view.

Taking a chance on the Highlands burning down because of HIS HOBBY?

Please make the safe, right decision and deny this outrageous permit.

Respectfully,

Sherry Sampson
